

Smart Home Video System

Wireless Pinhole Camera

Overview

Black white/color camera with low light intensity, resolution range is 420-580TV Line, 90 degree wide-angle pyramidal pinhole camera, wide dynamic range is adjustable.

Main Parameter

Type of Sensor	1/3SONY Super HAD CCD
Signal system	PAL/NTSC
Maximum resolution	PAL:500(Horizontal)×582 (Vertical)
	NTSC:510(Horizontal)×492 (Vertical)
Minimum illumination	0.5Lux
Horizontal Resolution	500TVL
Signal to Noise Ratio(SNR)	≥46dB
Power Consumption	1W MAX
DSP Digital Chip	HITACHI

Specification

Weight	0.065kg
Dimension	3.5cm×3.5cm×1.0cm

Application scope

It can be used as smart home image camera, environmental camera and surveillance camera. Because of its small volume, it can be installed in a concealed position and hard to be destroyed.

Order information

Art. No.	WLPN1105028
Model	WL-VC-206CP
Style	Color
Specification	3.5cm×3.5cm×1.0cm
